

PS24-5 / DC-DC Converter

Characteristics:

- Small
- Solid build
- Class of protection IP67

Short description

Finally a DC-DC converter which is small and solid. The small dimensions and the protection to IP67 are ideal for industrial use.
Converts 12-24V to 5V

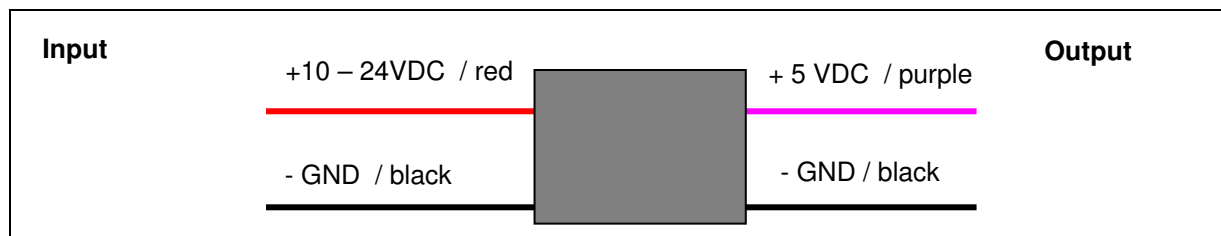

Technical Data

PS24-5 / DC-DC Converter	Input	Output	
Operating voltage	10 - 24	5	VDC
Max operating current ¹⁾		200	mA

Unless indicated otherwise, the data is accurate at ambient room temperature and normal operating conditions

1) At minimal Voltage

Electrical connections

Dimension

Housing width	Housing height	Housing length	Cable lengths
13 mm ± 0.5 mm	25 mm ± 0.5 mm	40 mm ± 0.5 mm	100 mm ± 3 mm
