

Cylindrical Line generating lenses

Characteristics:

- Line generator optics for LDA and LDM modules
- CL = Axially line
- CLR = For right angle line

Short description

The cylindrical lenses for the following line proportions : **1:1 / 1:2 / 1:3 / 1:4** of the LDA and LDM laser diode modules are for universal use.

Technical Data

Cylindrical lenses	Product number	Line after 1m[m]
CL001 1:1	0006-01-92-01	1
CL002 1:2	0006-02-92-01	0.5
CL003 1:3	0006-03-92-01	0.33
CL004 1:4	0006-04-92-01	0.25
